## WEBSITE DESIGN

Our company provides creative web design that keeps up with today's changing technology and society. *Portfolio on page 2.*

## WIRELESS NETWORKING

Let us set up your wireless network. We ensure that your network will be secure and reliable.

## About Our Company:

Adam D. Technology was founded in September 2006 in Tucson, AZ. We are a local business that takes the cares of Home Owners and Small Business Owners to heart.

Some of the services we provide to our community are:

- Computer Repair
- Server Management
- Web Design
- Infrastructure Optimization
- Audio/Visual Configuration
- And much more...

Adam D. Technology has been providing reliable and prompt service to the Tucson community for over 2 years.

Our mission as a community provider is to:

- Provide reliable service to all
- Stimulate Tucson's economy
- Help businesses succeed and keep up with today's technology

We have made a big impact in helping Tucson and surrounding area businesses succeed. For instance, Red Rock School District, they recently built a new K-8 school. We guided them along the process of purchasing the right technology to fit their needs and keep their kids interested in learning for years to come.

TPOA Charitable Foundation (Tucson Police Officers Association), they are a wonderful organization that

gives back to the community through charity. We provide their link to the community through the internet, their website.

Not only do we cater to businesses, we do a stupendous job providing reliable service to home clients, 100% customer satisfaction. We are a "one stop shop" for our clients. Anything technology related, i.e. – computer repair, graphic design, audio/visual, home entertainment systems, etc. we do it all.

As we plan to serve our community for years to come, Adam D. Technology wants to provide the best quality service to all of their clients. We thank our clients every day because without the wonderful people we serve, we would not be here today.

#### HOME ENTERTAINMENT

We offer a wide range of services pertaining to home entertainment solutions. We guide you along the process of purchasing and follow up with the setup and configuration.

#### GRAPHIC DESIGN

Want a new design for your business cards? We'll design your card for you. Want a new logo? Let us design your dream.

#### SERVER MANAGEMENT

Our company provides number one care for your business, let us manage your server. We provide full data backup options along with productivity optimizations.

#### INFRASTRUCTURE OPTIMIZATION

Let us manage your infrastructure. We provide full service to the updating and upgrading of your buildings infrastructure. I.E. – computer drops, back-bone switching, wired and wireless networking.
